

Model FC/FCC Vandal Proof Bottle Filler Hands-Free Supply Plumbing

Hands-Free Supply Plumbing Installation Instructions

Make sure the purifier and chiller are installed properly before installing the supply plumbing.

There are four color coded supply lines provided by factory:

Line 1: Connect (1) to the male adapter at the purifier outlet and (2) to the inlet of the chiller.

Line 2: Connect (3) to the outlet of the chiller and (4) to the ball valve attached to the tee.

Line 3: Connect (5) to the outlet of the tee and (6) to each fountain inlet.

Line 4: Connect (7) to the solenoid valve outlet and (8) to the vandal proof bottle filler inlet.

Connect building supply line to the ball valve at the purifier inlet.

CONNECTION NUMBER	COLOR*	CONNECTION	SUPPLY LINE NO.
1	GREEN	TASTE MASTER PURIFIER OUTLET	1
2	BLUE	CHILLER INLET	
3	WHITE	CHILLER OUTLET	2
